I am writing with great enthusiasm and utmost conviction to offer my support to Project "Gullaq" an innovative social initiative that has the potential to revolutionize the way we inspire and engage youth in service learning. Having reviewed their project details, I am thoroughly impressed by the profound impact this project can have on our society, particularly in developing a strong sense of social responsibility among students.

I therefore strongly and unequivocally support these two inspirational youth leaders - Myra Raj Kheterpal and Samya Kheterpal for the Bharat Youth Award 2023. The award scheme which has been setup to recognise youth leaders that are ushering in change for the better is a great fit with their initiative Gullaq, which can be a catalyst for positive change that will put India at the forefront of youth initiatives purposed for achieving the UN SDGs.

I hope the award jury will give these youth leaders a chance to present their solution and see the merit in the platform.
